

**Embryo Transfer
Price List
2008**

Embryo Transfer - \$500.00 per flush - flush and transfer or to transfer shipped embryos

1. The recipient mare will be leased by owner direct from Abraham Equine, Inc. per their "Mare Lease Agreement".
2. Abraham Equine, Inc. will not require payment for lease until the embryo is 35 days or until the recipient mare leaves our premises, whichever comes first.
3. Board will be charged to owner at a rate of \$11.00 per day beginning the day after a successful pregnancy check.
4. A one-time \$65.00 ultrasound fee. Will cover all ultrasounds performed while the recipient mare is in our care.
5. Any medications, tests, or treatments of a pregnant recipient mare will be at the owner's expense.
6. All recipient mares will be given a EWT (Eastern/Western/Tetanus) vaccination and dewormer. Any additional vaccinations can be given at the request and expense of the mare owner.
7. All fees (including the lease) must be paid before any recipient mare is discharged.
8. If mare is not discharged prior to the end of the first month of pregnancy, then all charges are due and payable upon receipt of your monthly billing statement.
9. No live foal guarantee through Timber Creek Veterinary Hospital, however there is an option available through Abraham Equine pertaining to the mare lease.

Embryo Freezing - \$500.00 per flush – no additional charges for freezing of the embryo

Frozen Embryo Storage - \$20.00 per month per embryo

Mare owners who are shipping or flushing multiple embryos (more than 5) are asked to call our office for special pricing.
